WASHBURN N4 Guitar Illustration

Here is a guitar that I have illustrated specially for our Croatian hard rock band named "[Opca Opasnost](#)

", who are back together again after a few years break. So this is some sort of a tribute to them and their great music.

It is a WASHBURN N4 cartoon guitar illustration from one of the lead guitarists mr. Vlado Soljacic aka SOJKA. This guitar art is also available on [cafepress t-shirt webshop](#) . You can see a larger picture of this guitar illustration in [Washburn guitars gallery](#)
