HAMER Chaparall Guitar Illustration

Here is a cartoon guitar illustration of HAMER Chaparall electric guitar. First of all I want to thank to Mr. Slaven Živanović aka "ŽIŽA" from our Croatian hard rock band "Opća Opasnost" for sending me pictures of his original HAMER Chaparall guitar, which helped me a lot in creating this awesome guitar. You can see a bigger picture in my [HAMER Guitars gallery](#) .

There is a small download button under each guitar thumbnail image so you can download picture in original size. This guitar art is also available on [Cafepress t-shirt webshop](#)
