New illustrated guitar caricature of ESP LTD "Snakebyte"

Here it is. New guitar caricature of ESP LTD "Snakebyte" electric guitar. I have made two versions of this cool guitar. Black and white editions, so please go to [ESP Guitar Gallery](#) and check out

white edition

too. Both guitar will be also available on my Cafepress web-shop, so if you want a t-shirt, or any other cool gift, like coffee mug, or wall clock, go an check my [Cartoon Guitars Cafepress web-shop](#)

James Hetfield from Metallica plays it...

You will notice that this ESP LTD "Snakebyte" guitar caricature is pretty well known, because James Hetfield plays that guitar with Metallica, on their world tours and concerts. I just love that cool little snake in a shape of a "violin key", that you can see on the neck of this guitar
