IBANEZ JEM illustrated guitar caricature SOLD to Mr. Dennis Devine

It is always a good feeling when someone likes and want to buy something you create. Mr. Dennis Devine just bought my guitar caricature that I have recently created.

He will use my guitar as a logo on his [Air Guitar Strings](#) website, and for his Air Guitar String product, which he will be selling on his guitar festivals in Florida where he plays.

So, thanks again Mr. Dennis Devine for choosing my guitar illustrations and caricatures for your website and products.
